

Secure your COMPUTING EQUIPMENT !!!

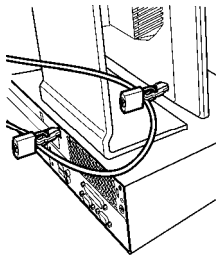

Can YOU afford to lose \$1000's worth of Laptops / PCs ?

Universities, Colleges, Schools and Hospitals – many with large numbers of laptops and flat screen LCD monitors, have a problem – potential for them getting stolen.

To prevent this, we can supply an inexpensive, simple locking device. The illustrations below show how to secure your valuable equipment (more drawings overleaf).

WE CAN SUPPLY YOU WITH EVERYTHING NEEDED TO SECURE YOUR I.T. EQUIPMENT!

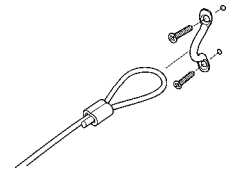

- ✓ Monitor locks – for each Laptop, Monitor and CPU
- ✓ Wire cable (plastic coated) – to join them together
- ✓ Swages – make as many cables as you need
- ✓ Padlocks - to lock them with (keyed alike)
- ✓ Wall anchors – to attach them to
- ✓ A crimping tool - to crimp the swages

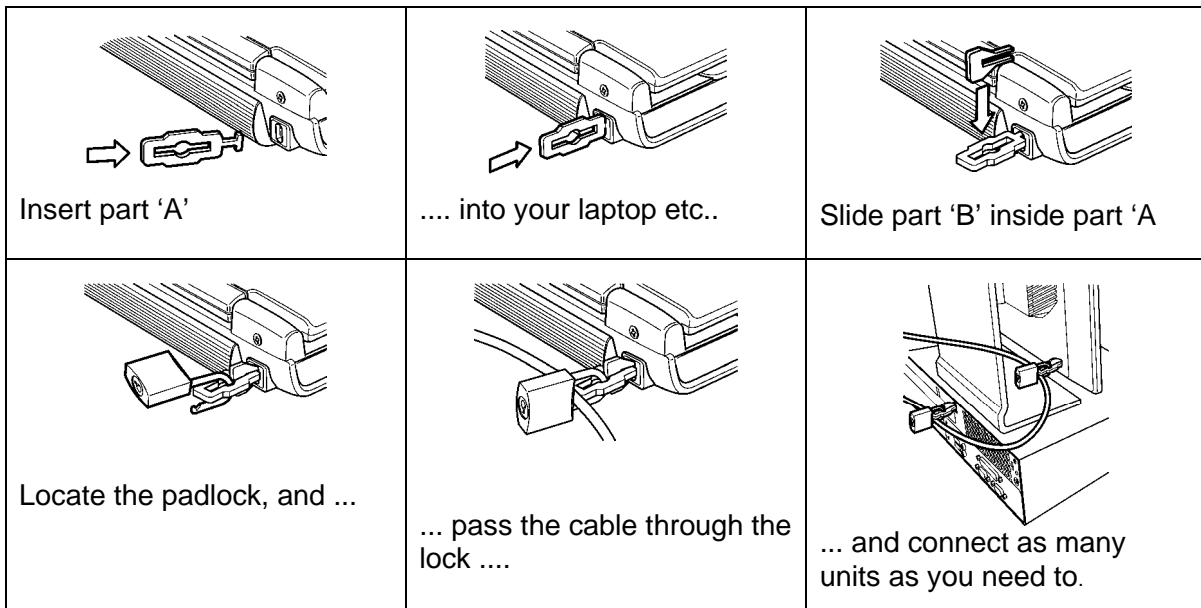

Monitor lock, cable & padlock

The wire cable:

- is 2mm diameter multi-strand stainless steel– plastic coated for protection.
- is flexible, for ease of use AND strong for security.
- can be made into as many cables as you need - crimp swages onto the cable to form a loop at each end.
- the crimping tool makes the assembly an easy task

USING OUR MONITOR LOCK SYSTEM

It's that easy to secure your Computing equipment !!!

Padlocks (4.5mm hasp)	Pack of 5 (keyed alike)	\$3.85	\$19.25	PLL-5
Padlocks	Pack of 25 (keyed alike)	\$3.70\$92.50	PLL-25
Anchor & screws	Pack- 5 anchors & 10 screws	\$	\$9.15	AS-5
Anchor & screws	Pack- 50 anchors&100 screws	\$1.83	\$91.50	AS-50
Crimping tool	One	---	\$115.00	Crimp

consists of sets of 25 padlocks keyed alike

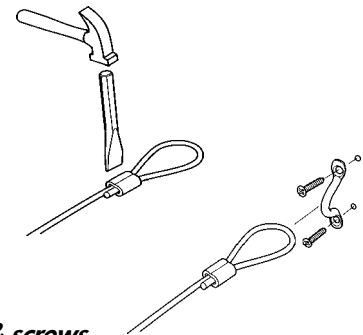

A Crimping tool provides a quick and neat crimp.

(but, if you're only making a few, a hammer and cold chisel will do the job)
