American comedy writer*

## 2022 – YEAR IN REVIEW

Christmas is just around the corner and we've been reflecting on Scorpio's busy year. This includes the following:

We attended and supported the following Design and Technology Teachers Conferences. It was wonderful to meet face to face and introduce you to Scorpio's vast product range.

March	iTE	iTE Conference and TechExpo
June	DATTTA QLD	"Creative Integration"
September	DATTA ACT	TECHnow Conference
October	DATTA AUSTRALIA	Design & Technology Week
November	DATTA WA	"Inspiration, Innovation, Passion"
December	DATTA VIC	"Designing the Future"

We have:

- regularly added **new products** to our range such as Arduino, Engineering projects, Solar Energy
- regularly updated **online Catalogues**
- regular **monthly e-newsletters** with new products, ideas and feature articles. (Downloadable versions on the website).
- been developing **new projects** for 2023

## OUR FREE GIFT TO YOU

**New Project Sheet – Rudolf Red Nose.**

**Everyone loves Rudolf.** Presenting a fun end of year activity. Make Rudolf's nose and eyes light up and flash with LEDs on a Protoboard. Project uses a type of circuit called an Astable Multivibrator.

Rudolf makes a fun Christmas ornament, key tag or e-jewellery. Use components in your stash or we can supply components in a bulk back so you can make 10 Rudolf projects. Available for only \$46.41 (\$4.64 each). **Code:** RUDOLPH10.

**Scorpio's Christmas tree** free project sheet uses the Scorpio Constellation kit. Find it in the Project Sheet area.

Download from the website. **Click here:** <https://www.scorpiontechnology.com.au/project-sheets>

## 2023 WHAT'S COMING?

Scorpio's product range continues to increase for Design & Technology, Physics and Primary STEM. Look out for more great products coming next year on our website.

## TEACHER CONFERENCES 2023

We have received information regarding Design and Technology Conferences. We plan to participate so we would love to see you there.

**DATTA QLD State Conference 2023**, which will be held both online and onsite at the Brisbane Convention & Exhibition Centre from **Thursday 15 – Friday 16 June 2023**.

The **iTE Technology Education Conference 2023 TechExpo**, Sydney Masonic Centre, 66 Goulburn St, Sydney, from **Thursday 30<sup>th</sup> November - Friday 1<sup>st</sup> December 2023**

## 2023 ORDERS

The end of the school year is rapidly approaching. This is a great time to decide your teaching requirements for the new school year. As usual, we have some new products planned for 2023, so keep an eye out for these on our website and in future newsletters.

### Place your order 2023 now!

Place your school order for 2023 ahead of time. Your order will be waiting for you so classes can begin work straight away. A great way to lessen the start of year panic.

- Orders dispatched and / or paid for this year will be charged at the current price.
- New year orders will be charged at the price that is current when dispatched unless paid for in 2022.

### Having problems sourcing a product?

#### SOLUTION:

Just ask us, we're here to help! We will try our hardest to find that elusive item and provide it to you at a competitive cost.

## START YOUR CHRISTMAS PRESENT SEARCH HERE!

Sale items include great gift ideas for all ages. All under recommended prices. Check out our diverse range of Sale and Clearance items at:

**Click here:** <https://www.scorpiontechnology.com.au/sale-items>.

### DID YOU KNOW?

**Commonwealth Scientific and Industrial Research Organisation** or CSIRO invented and patented wireless local area network (WLAN) in the 1990s. This technology allows us to work wirelessly in our homes and offices.

CSIRO also developed polymer currency, extended wear contact lenses, insect repellent Aerogard and Softly washing liquid among others.
